

## Keeping care free.

**Nottinghamshire Hospice and Beaumont House have united to ask the people of Nottinghamshire and Newark and Sherwood to commit to supporting their local hospices now and in future.**

Our hospices have been severely affected by Covid-19 but with the help of our communities we are surviving. Now we ask if you can help protect the free care we provide from future crises.

Covid-19 is causing a wave of unplanned, traumatic deaths. We can step in and support you during those last weeks, days or hours of life. Regular giving helps us secure our future, so we can help you plan for yours.

Please consider giving, or increasing a regular gift now and help us sustain free care in our communities forever.

### Veera

"The hospice looked after my husband John before he died and since then I've always felt like I owed the hospice. He was bedbound for two years and as well as being his wife I was his carer. The day that he went to the hospice gave me a weekly break. John has been gone for 11 years now and I started my monthly gift after the funeral. **My small gift is a thank you that renews each month.** I appreciate what you do for people, fulfilling an unusual need and offering both medical care and alternatives. Later we had nursing at home and one nurse, Janice, built up such a great relationship with John and I that I almost thought of her as a personal friend.

"The hospice is a unique place that helped us enormously. My little gift is a small part of ensuring that this care continues. In fact, this year I'm going to increase it to £3."
